

Mx-VBOX-PRO

INDUSTRIAL MINI PC WITH VENERGYUI ON-BOARD

DESCRIPTION:

Magnum's Mx-VBOX-PRO is a microcomputer that is installed with a license for VenergyUI. This software program allows the user to remotely monitor and control devices through a user friendly GUI. The Mx-VBOX-PRO also allows users to easily connect mobile devices to demonstrate the ability to control lighting with their smart phone or tablet. The Mx-VBOX-PRO is for applications where both local control and software capabilities are of interest.
